

NORSYUHADA SUPIAN

Graphic Designer

I enjoy taking complex problems and turning them into simple and beautiful interface designs. I am eager to take any opportunity to learn new skills, improve what I already know and contribute with my abilities and experiences in a creative environment. I am also skilled in the Adobe Creative Suite (illustrator, photoshop, indesign, and animate) and am able to push the boundaries of web design and digital storytelling in order to help my clients' brands stand out.
